

# Chappathi Ball Cutting Machine

The Gravity Automotive's Chapati Ball Cutting Machine automates cutting chapati dough balls into sizes ranging from 5 grams to 100 grams, increasing efficiency and consistency in production.

## Specifications

<b>Material</b>	Stainless steel
<b>Usage/Application</b>	Commercial purpose
<b>Capacity</b>	600-700 pcs/Hr 3 Kg/Min(Batch)
<b>Brand</b>	Gravity Automotive
<b>Warranty</b>	One Year
<b>Voltage</b>	230 V

## Features

Automation: automate the process of cutting chapati dough balls.

Uniformity: Cuts chapati dough balls into uniform sizes.

Size adjustment: Ranging from 5 grams to 100 grams.

Consistent Output: Ball cutting machine improved consistency in the final product.
